Note: Unscheduled lifts may only be granted in the following cases:

1. For commercial vessels at requested times where 24 hours notice is given, **excluding** between the hours **05:00 to 09:00** and **16:00 to 20:00**.

In the event that planned work requires a series of lifts, it is requested that a programme of requirements is sent to Bridge Control at least 7 days before the first lift.

2. At the direction of the Harbour Master in an emergency, for stress of weather or safety of navigation.

Requests via VHF or telephone will not be accepted.

Application forms must be received by **post, fax or email** no later than 24 hours before lift is required.
