

POOLE HARBOUR COMMISSIONERS
LOCAL NOTICE TO MARINERS
POOLE HARBOUR

No. 09/2003

16 July 2003

REPORTING PROCEDURE FOR PASSENGER BOAT OPERATORS

Reference: Admiralty Chart 2611

1. Passenger boats, which operate inside the harbour (i.e. they do not go past the chain ferry) need not report at any of the internal reporting positions. However if they wish to record the number of passengers embarked with Harbour Control, they should report on departure from, and return to their berth.
2. Passenger boats which operate outside the harbour should report:
 - on leaving their berth (with the number of passengers embarked (if they wish to make use of this facility).
 - on passing the North Hook Buoy (for East Looe Channel) or the Bar Buoy (for the Swash Channel) - outbound and inbound.
 - on securing at their berth.
3. This arrangement does not prevent any operator from reporting his position to Harbour Control if in the interest of navigational safety.
4. Review this notice in April 2004.

A handwritten signature in black ink that reads 'Peter Booth'. The signature is written in a cursive style with a horizontal line underneath the name.
