

**POOLE HARBOUR COMMISSIONERS**  
**LOCAL NOTICE TO MARINERS**  
**POOLE HARBOUR**

No. 03/2008

3rd April 2008

**REPORTING POINTS**

As part of the ongoing review of the Safety Management System for Poole Harbour it has been decided, after consultation, to remove the reporting point at North Haven. This is due to the nature of the bend, strong tidal stream and proximity and number of small vessels likely in the summer months. The Master/Pilot should have his full attention on negotiating the bend and not distracted by reporting to Harbour Control.

The following reporting points are now in force and apply to all vessels 25m LOA or more. Reports should be made to Poole Harbour Control on VHF Channel 14.

**Inbound**

Bar Buoy - No. 8 Channel Buoy - Aunt Betty - Stakes Buoy - Berth (All fast)

**Outbound**

Berth (underway) - Stakes Buoy - Aunt Betty - Bar Buoy

These are in addition to the normal pre arrival and pre departure requests.

**CCTV is in operation in Poole Harbour. Recordings may be used in evidence to prosecute byelaw offenders.**

A handwritten signature in blue ink, appearing to read 'BRIAN MURPHY', is written over a faint, circular stamp or watermark.

**BRIAN MURPHY**  
**HARBOUR MASTER**
