

POOLE HARBOUR COMMISSIONERS
LOCAL NOTICE TO MARINERS
POOLE HARBOUR

No. 09/2007

16 May 2007

Poole Lifting Bridge

A new digital clearance display screen will be installed at Poole Lifting Bridge in the week commencing 21 May 2007. It is planned to be operational by 30 May 2007.

The height indicated on the screen will be the distance between the bottom flanges of the transverse beams under the lifting spans and the water level, with a small reduction applied as a safety margin. This height is commonly called the "air draught".

In addition, black and yellow chevrons will be placed on the ends of the transverse beams so that they are more easily identifiable.

Constructive comments regarding their operational use will be welcomed.

Contact Tony Parfett on 01202 262164.

CCTV is in operation in Poole Harbour. Recorded videotapes may be used in evidence to prosecute byelaw offenders.

A handwritten signature in black ink that reads 'Peter Booth'.

PETER BOOTH
HARBOUR MASTER
