

Introduction

Poole Harbour Commissioners (PHC) are responsible for Europe's largest natural harbour and as part of this operate one of the UK's leading Trust Ports featuring Ro-Ro ferry, liner, bulk cargo, cruise ship and marina activities. PHC are seeking to enhance and improve the Engineering department with the recruitment of a Plant and Workshop Manager for the efficient and effective management of the engineering workshops and the workshop team.

The Role

The Plant and Workshop Manager will report directly to the Harbour Engineer and will have overall responsibility for the maintenance of PHC's fleet of Plant, Equipment and Vessels.

This is an exciting opportunity to join our team and build your career at the Port of Poole. You will be a key member of a team of professionals involved in providing and maintaining Port assets that will make a real difference to our business and make the Port an even better place for our customers, stakeholders, and employees.

Your duties will include planning and supervising repair activities and developing maintenance procedures. We are looking for someone who has proven experience in a maintenance and management role, with excellent organisational and leadership abilities.

Our ideal candidate will demonstrate a good understanding of maintenance of plant, equipment, and vessels, as well as outstanding written and verbal communication skills. Business development skills will be an advantage to promote the engineering workshops to new opportunities.

Required Qualification

Recent and relevant technical and managerial experience is essential, together with relevant formal qualifications in a technical discipline and management.

Benefits

A competitive package will be offered to the successful candidate.

Contractual Company Sick Pay

Twenty-five days holiday (plus 8 usual statutory bank holidays) – pro-rata for part-time employees

Company Pension Scheme

Opportunity to participate in the annual PHC discretionary and non-contractual bonus scheme, based on annual bonus and annual appraisal factors.
