LOCAL NOTICE TO MARINERS
No. 60/2026

Twin Sails Bridge Maintenance 12-13 November

This notice is issued on behalf of BCP Council.

Mariners are advised that after the 17:30 lift on Thursday 12th November the Twin Sails Bridge will be lowered and will remain immobile for a night of planned maintenance. Through the evening and overnight, low air draft vessels may continue to pass as usual, Twin Sails Bridge will remain closed to road/pedestrian traffic, and Poole Bridge will only lift for a marine emergency.

The Twin Sails bridge is then planned to be lifted at 06:30 on morning of Friday 13th November and will remain in elevated position throughout the day with no further impact expected to boat movements. Poole Bridge will operate as per timetable during this period.

Routine lifting of both bridges is expected to resume from the 18:30 lift on Friday 13th November.

During the above works, the lifting timetable included in LNTM 38 of 2026 (Bridge Lifts Timetable and Guidance) is suspended but all guidance included continues to apply.

Mariners are reminded that Radar, AIS, CCTV, Telephone and VHF Channels are recorded 24/7

Owners, Agents, Charterers, Marinas, Yacht Clubs and Recreational Water Sport Organisations should ensure that the contents of this Notice are made known to the masters or persons in charge of their vessels or craft.

HARRY GREGORY
HARBOUR MASTER
